from the growing of the grain to the baking of the bread, but the intermediate necessity—the flour—is our specialty. Our household flour is milled from the choicest selected hard winter wheat, and contains all the most nutritious elements of the grain. It is not a white flour, but a natural product of the perfect wheat. Hence it makes the sweetest and purest bread.

City Politics.

The Democratic City Committee is expected to meet this week and call a primary election for city officers. Much talk is now being indulged in in regard to the prospective candidates. While no one has announced as yet, it is known that Mayor James O'Brien will be a candidate for re-election, and that the Hon. J. T. Hinton will be the opposing candidate to Mr. O'Brien. Several others have been mentioned for minor offices, but suppose they are waiting for the committee to meet and name the day for the primary. It is certain, however, that the two above named gentlemen will be candidates for Mayor.

Two Democratic Nominees Dead

A message received Friday morning from Flemingsburg announced the sudden death from apoplexy of County Judge David D. Souseley, of Fleming county. Judge Souseley was the Democratic nominee for re-election, and he was so popular with all parties that the Republicans had decided not to make any nomination against him.

The death of Judge Souseley occurred only a few hours after that of Magistrate Thomas H. Collier, of Nicholas county, who was the Democratic nominee for County Judge in that county, having defeated Judge N. H. McNew by a majority of 1 vote. Judge Collier died at his home near Headquarters, after a lingering illness.

In both Carlisle and Fleming another primary will be necessary to select nominees. Gov. Willson will have the appointment of a county Judge in Fleming and a Magistrate in Nicholas to serve until after the next election.

Indictments by Wholesale.

The Fayette county grand jury, in session at Lexington returned Friday wholesale indictments against Mayor John Skain and several other city officials on charges of failing to enforce contracts with the Lexington Street Railway Company as to street repairs.

The indictments charged Mayor John Skain, the Board of Public Works and Health Officer Simmons with malfeasance in office, and the city of Lexington and Supt. Gray, of the garbage crematory, are also indicted for maintaining a nuisance, while the Lexington street railway is indicted for failure to keep its tracks in good condition.

The indictments against Skain are in connection with his alleged failure to enforce certain contracts with the street railway company regarding repairing of streets along their rights of way, and the Board of Public Works is also indicted in this connection, while the city of Lexington, Health Officer Simmons and Crematory Superintendent Gray are indicted in connection with the crematory, which the grand jury claims is unsanitary.

Destructive Storm.

The storm that broke over Paris late Thursday afternoon turned out to be a general and more destructive than it was thought to be at the time.

Near Old Union, ten miles Southwest of Paris, the storm was accompanied by large hailstones which proved very destructive to vegetation, especially in the Elizabeth and Centerville neighborhood, this county.

Mr. Foulks on the Ardery farm, had fourteen acres of tobacco which in two weeks would have been ready for the knife, completely ruined. Only the stems and stalks remain. Robert Mitchell, on the Ferguson farm, had a crop of tobacco of twelve acres which is more than 50 per cent ruined.

Corn fields were stripped of blades and prostrated corn stalks tell of the severity of the storm, which covered a tract three miles wide and seven miles in length.

The storm was accompanied by considerable lightning. Near Mileburg on the farm of Thomas Marshall, twelve large cattle were grouped under a tree when a bolt of lightning descended and killed them all. The loss to Mr. Marshall is estimated at near twelve hundred dollars.

Much damage was done by the storm at Cynthiana, Maysville, Richmond and other points throughout Kentucky.

Notice.

Mrs. Mary A. Paton desires to notify her customers that she has moved from the room she has been occupying to the smaller room in the adjoining building, next door to the Democrat office.

Big Tobacco Suit Settled.

The Kirk-Burley controversy, which has been a matter of contention between the Burley Tobacco Society of Kentucky and T. H. Kirk, of Cincinnati, since last December, was settled Friday in Cincinnati. The society paid to Mr. Kirk the sum of \$26,098.97 and went on paper for the \$3,000 in court costs which the case has incurred.

The settlement was made against the wishes of President Clarence E. LeBus, of the Burley Society. Last Tuesday a meeting of the executive committee of the society was held in Winchester, when President LeBus and others declared against a settlement. However, the majority voted for the motion and it passed. A conference was held Friday between Mr. Kirk and President LeBus, Secretary Gus Brooks, Fred Stacey, John LaRue, John Thompson and Dwight Pendleton. After this conference Mr. Kirk was handed a check in settlement by the Cincinnati Tobacco Warehouse Company, which acted for the Burley Society.

This settlement was made on the basis of 17 1/2 cents per pound for the 132 hogheads of the 1907 crop of tobacco involved. The figure is the highest quotation which was made on the tobacco market last December, at which the Burley Society took steps which prevented Mr. Kirk from disposing of the product. The tobacco is still in the warehouse of the Cincinnati Tobacco Warehouse Company, but is now the property of the Society.

The total weight is 490,850 lbs. A month ago the matter was taken out of the courts and an arbitration committee of three appointed. Its agreement was to be final. The Burley Society then balked at the decision to his tribunal, which was for Mr. Kirk, alleging that its procedure was irregular in many instances. The court handed down this decision without authority. Then the meeting was held in Winchester, and the agreement by the society was reached. The tobacco involved was sold last fall to Mr. Kirk by J. W. Jamison, of Stamping Ground, Ky., with Mr. Kirk under the impression that the tobacco was not a part of the 1907 Burley pool maintained by the society. An injunction against its delivery to him was secured by the society.

March Over Old Ground.

Just forty-eight years ago 2,000 young, brave and gallant Kentuckians ready to fight for what they believed to be their country's good, marched away from Cave City Ky., to Bowling Green, where they joined 4,000 more brave comrades, forming what was afterward known in history as the "Orphan Brigade," under the banners gay to the sweet strains of "Dixie," "My Old Kentucky Home" and "Bonnie Blue Flag." Probably not over seventy-five people bade these gallant soldiers good-bye and a happy return. What a contrast on Friday last. Of this 6,000 young Kentuckians Friday not over seventy-five aged veterans marched over the same ground to the strains of the same music that fell on their ears forty-eight years ago, but they were cheered by 6,000 younger Kentuckians who still revere the memory of the cause for which these veterans fought.

This parade was the feature of the greatest reunion in the history of the famous Orphan Brigade. The little town of Cave City, which did itself proud in entertaining the old veterans and their children and children's children, was in gala attire. The Stars and Stripes floated in all directions, but by their side waved the Stars and Bars under which the grey-coated veterans fought. At the head of the procession was Capt. John H. Weller, commander of the brigade, in a carriage, owing to the condition of his health. Behind him marched the little remnant of what was once a formidable band of soldiers. Out of 250 survivors of this body only about 100 were registered as being in attendance and not over 75 were able to stand the fatigue of a march around the little town.

James A. McDonald, of Kansas City, Mo., who is now visiting old friends in Paris, being an old Bourbon county boy, attended the reunion. He is the only surviving member of Company G, Second Kentucky Infantry. Mr. McDonald said at Cave City: "I wouldn't have marched today, but for the reason of marching for the last time with the remnant of the best brigade ever organized on earth."

Mr. McDonald was one of the bravest of the Confederate boys, and has many warm friends here who always give him a hearty welcome when he makes his annual visit to them.

Fine Stock Burned.

The big stock barn of John and Ed McCord three miles from Richmond was destroyed by fire Tuesday night after being struck by lightning during an electrical storm contained five fine thoroughbreds and one valuable jack, all of which perished in the flames. The horses were being prepared for show rings of the Blue Grass Fair at Lexington this week. The loss will reach \$6,000, with \$1,200 insurance.

Game of Swap and Swindle.

The whole tariff discussion has been unspeakably sickening, says the Denver News. Time was when the American people thought they were doing a man honor by sending him to Congress. If they still retain that superstition, it is another evidence of the triumph of hope over experience. From the start of the tariff debates to their present dragging finish it has been a game of swap and swindle. The first consideration has been to get the greatest possible loot for the favored "interests," the next to keep the greatest possible number of votes in line for the complaisant congressmen; and never yet have the interests of the people, or the plain call of decency received official attention in the tussle. There have been exceptions—brilliant exceptions—the most constant and brilliant of them being Senator Gore of Oklahoma. But no fraud yet proposed has lacked a majority when the test came, and no decent proposition has been able to do better than rank as a bad second in a foredoomed race.

And the utter shamelessness of some representatives of the interests is appalling.

No "New" Religion Necessary.

Dr. Elliot, ex-president of Harvard, announces that we are to have a "new" religion and he proceeds to give the world an outline of it. Dr. Elliot says:

"It will not be bound by dogma or creed. There will be no supernatural element. It will place no reliance on anything but the laws of nature. It will not be based on authority. It will not teach that character can be changed quickly. It will not deal chiefly with sorrow and death, but with joy and life. It will not attempt to reconcile people to present ills by the promise of future compensation. It will attack all forms of evil. Its priests will strive to improve social and industrial conditions."

It so happens that this new religion is the very religion that Dr. Elliot has practically monopolized for a lifetime.

Its good features have been borrowed, without credit, from Christianity and its immaterial features need no copyright to prevent their being appropriated, says the Commoner.

Dr. Elliot may be a great educator, but his prophecies are like other uninspired prophecies—half wish and half environment.

It is no new thing to have people resent the existence of a divine standard of conduct—some regard it as humiliating to confess that a life can be superior to their own or to admit that there are commandments binding upon the conscience, but the Christian religion has grown in influence in spite of Dr. Elliot, and it will continue to exist even when his death withdraws the stimulus furnished by his opposition. If the scholarly ex-president would only include the Bible in his model library and READ it, he would find that it does not present a religion which deals "chiefly with sorrow and death," but that it abounds in "joy and life." He seems to have overlooked the fact that at the birth of the Founder of Christianity angels sang and proclaimed "Peace on earth and good will toward men." The old religion is good enough.

Platform Democrats.

As some of the Democratic Senators and Congressmen have questioned the binding force of platforms, every congressional platform for next year should contain the declaration: "We

believe that platforms are binding and we pledge our candidate to carry out this platform in letter and in spirit."

Lesson in Natural History.

The New Orleans State prudently leaves the following lesson in natural history to speak for itself, which it does eloquently: "Only once did the stork stop and hover over the Woman's Club, of Omaha, during the last year. The Omaha Woman's Club is the largest in that city composed entirely of women. The membership is a little in excess of 400. About half the members are wives. The members deal with domestic science and all topics that are of interest to women. They are educated, intelligent and up-to-date when it comes to handling matters of public interest."

"He's About Ruin Me."

Senator Taylor, of Tennessee, recently enlivened the senate proceedings by telling this story: "Our country has been decimated by war, humiliated by reconstruction and weighed down by the highest tariff taxation this world has ever known, and we were in bad plight. We were in the condition of the good old praying member of the church who was afflicted all at once with every disease in the catalogue. He had rheumatism and aneurism and curvature of the spine and was finally stricken with paralysis; but after months' of suffering he got better, and went shambling one evening to prayer meeting. The old preacher rose and said, 'Now brethren, I want us to have a good time here tonight. I want everyone of you to get up and tell what the Lord has done for you. There is brother Jones, God bless him; he had been afflicted and hasn't been with us for many months. Brother Jones, get up and tell us what the Lord has done for you.' Brother Jones arose and hobbled out in the aisle, and said: 'Well, he's about ruin me.'"

Elopement in High Life.

"Will you fly with me?" "Certainly, George," said the practical girl. "If you have perfected a really dirigible airship."—Louisville Courier-Journal.

Best Stomach Remedy-Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness. If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come rheumatism, skin diseases and similar disorders because the waste matter that should have been expelled from the system through the bowels has found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for these ailments for nearly a quarter of a century. It cured J. C. Lanham, of Warrensburg, Mo., of stomach trouble of long standing, also William Voll, of 903 Ellis St., Louisville, Ky., who had the trouble for fifteen years.

However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be the best recommendation of Dr. Caldwell's Syrup Pepsin. Then you will do as over two million people did last year—go to your druggist and buy a regular bottle at 50 cents or \$1, according to the size you prefer. We could mention hundreds and hundreds of families who are never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Montpelier, Ill.

BASE BALL.

FRIDAY'S GAME.

The Bourbonites took the last of the series from the Lawmakers Friday by the score of 6 to 0, accomplishing their sixth consecutive victory over the aggregation from the capital city, the two last being shut-outs.

Dugger was on the mound for the locals and held the visitors safely with five scattered hits. At the bat he was easily the star of the game, facing the pitcher four times he made a sacrifice two two baggers and a three-bagger.

Alloway, for the visitors, was hit at will by the locals and when the dust of the struggled cleared away the Bourbonites had accumulated a total of twelve bingles off of his delivery. Barnett and Elgin also figured prominently in the batting, each securing two hits. By sensational fielding Bohannon and Hoffman robbed the locals of several clean hits.

Ochs, the little center-gardener of the locals, had an error. An error on the part of Ochs is infrequent, but no one was more set back by this one than he himself. A few minutes later, however, he redeemed himself by participating in a neat double play, in which two of the visiting runners were retired, while the stands cheered the little fellow for his achievement. The following is the score by innings and the summary:

Frankfort..... 0 0 0 0 0 0 0 0-0
Paris..... 0 0 0 2 0 2 2 x-6
Batteries—Paris, Dugger and Elgin; Frankfort, Alloway and Yantz. Errors—Paris, 3; Frankfort, 1. Hits—Paris, 12; Frankfort, 5. Three base hits—Dugger. Two base hits—Dugger, 2; Hannigan. Base on balls—off Dugger, 2; Alloway, 1. Struck out—by Dugger, 3; by Alloway, 4. Left on bases—Frankfort, 6; Paris, 7. Double plays—Ochs to Scott. Stolen bases—Yantz. Sacrifice hits—Hoffman, Dugger, Maxey, Elgin. Umpires—Ketches and Piepho.

SATURDAY'S GAME.

Victory again belonged to the Bourbonites in the game Saturday afternoon at White Park, when a game marked by the heavy hitting of the locals they again took the measure of the Shelbyville Millers by a score of 6 to 2.

Simms performed on the slab for the locals and hits to the number of five were secured by the visitors, while Paul Long, the opposing twirler, was touched up for ten bingles, three of which went to increase the batting average of Ochs and three to the credit of Maxey. Dugger hit for three bases while the remaining three went to Hannigan, Elgin and Goodman.

The locals took the game in hand in the second inning when two scores went up. In the fifth seemingly determined to clinch the game added three more and another in the seventh. The visitors were unable to score until the sixth, when two men crossed the rubber and ciphers in the three remaining rounds told of the effective work of the Bourbonites.

The features of the game were the fielding of Ochs in center and Hannigan on third, for the visitors Glenn on short, and the batting of Ochs, Maxey and Dugger. Following is the score and summary:

Paris..... 0 2 0 0 3 0 1 0 x-6
Shelbyville..... 0 0 0 0 2 0 0-2
Batteries—Paris, Simms and Elgin; Shelbyville, P. Long and Weiting. Errors—Paris, 2; Shelbyville, 3. Earned runs—Paris 1. Three base hits—Dugger. Two base hits—Glenn. Bases on

balls—off Simms 3; off Long 2. Wild pitch—Long 1. Hit by pitcher—Scott, Adolph. Stolen bases—Elgin. Sacrifice hits—Hannigan, Dugger, Barnett, Kuhn, Doherty, Matthews. Umpire—Piepho.

SUNDAY'S GAME.

The Winchester Hustlers went down in defeat Sunday before the Bourbonites at White Park, in an eleven inning contest. Seebach was the boy that did the trick for Paris in the eleventh. With two men out and two men on bases, ready to race home on most any kind of a chance he came to the bat and in a calm and deliberate manner drove in the run that added another to the list of victories for the Bourbonites.

From the first to the sixth it looked very much like the league leaders had the game cinched, but in that round two of the local players circled the bases and in the eighth another crossed the pan. After that the Bourbonites tightened up and not another Hustler was able to get around.

Chapman for the visitors was touched up for a total of twelve safeties, while Scheneberg allowed eight. The local twirler was very effective in the latter stages, and during the game fanned eight of the opposing batsmen.

The visitors began their scoring in the first when two hits allowed two men to cross the rubber. Schmidt, the first up, fanned the wind, Goosetree followed with a single through short, Vandine, walked advancing Goosetree to second, Ellis then singled over second, but the drive was fielded too quickly for Goosetree to score. Barney, the next up whiffed the wind, and with two down Steele hit a hot one to Scott, who fumbled the ball and allowed Goosetree to score. Vandine, who was on third scored on a wild pitch and Reed popped to Scheneberg, retiring the side.

The locals failed to get a man across in their half and until the sixth both drew ciphers, when in that inning the Hustlers added another run. Vandine went out Scott to Barnett, Barney hit a clean one between second and third and stole second, Steele fled to Maxey, and a moment later Reed scored Barney on a clean hit over second. Reed died in an attempt to steal second, Elgin to Scott retiring the side.

In their half of the sixth the locals made a lively bid for the game and when the side had been retired two tallies were chalked up to their credit. Hannigan began the fun, landing on Chapman for two bases, then as if afraid that Seebach, who had relieved Scott, would duplicate the performance of his teammate, presented him with four bad ones and Heinie took it easy on his way to first, Goodman then sacrificed Hannigan taking third and Seebach second.

Dugger the next up drove a long one to center and on the sacrifice Hannigan scored, Seebach going to third and crossed the rubber when Maxey hit between short and third. Barnett went out Goosetree to Reed, retiring the side.

The Hustlers failed in their attempts to gain another point and in the eighth the Bourbonites scored the run that sent the game into extra innings. Seebach hit over second and was advanced by Goodman who beat out an infield hit. Dugger sacrificed, advancing Seebach to third and Goodman to second. Then came the blow that crushed the hopes of the Hustlers' followers. With Seebach and Goodman perched on third and second, Maxey came forward with his third hit in the game on which Seebach scored. Barnett fled to short Elgin walked and Scheneberg fled to Ellis, retiring the side.

The deed was done. The Hustlers were gradually giving away before the sturdy Bourbonites. In the ninth a gooseegg each was the best either could do and likewise in the tenth, but in the tenth the visitors looked dangerous with the bases full but two men had been retired and the third was an easy one for Barnett. In the eleventh the visitors fared no better and in their half the Bourbonites determined to bring the long drawn out contest to a close.

Elgin hit to right for a base and in an effort to throw out the runner Ellis threw wild, Elgin taking second. Scheneberg, in attempting to sacrifice Elgin to third hit toward the base and Elgin perished on the third sack, Chapman to Vandine, Ochs fled out to center while Hannigan beat out a bunt which Chapman fumbled. With two men out Scheneberg on second and Hannigan on first Seebach clipped off a beauty to the right garden which took a bad bound, going beyond Ellis' reach on which Scheneberg raced across the pan, scoring the winning run. Following is the score and summary:

Paris..... 0 0 0 0 0 2 0 1 0 0 1-4
Winchester..... 2 0 0 0 0 1 0 0 0 0-3
Batteries—Paris, Scheneberg and Elgin; Winchester, Chapman and Horn. Hits—Paris 12; Winchester 8. Two base hits—Seebach, Hannigan, Vandine. Base on balls—off Scheneberg 4; off Chapman 4. Struck out—by Scheneberg 3; by Chapman 1. Stolen bases—Schmidt. Sacrifice hits—Reed, Scheneberg, Dugger. Errors—Winchester 4; Paris 3. Umpires—Dunbar and Hanley. Earned runs—Paris, 1; Winchester 0.

MONDAY'S GAME.

In one of the most farcical games of the season Paris defeated Lexington Monday by a score of 7 to 4. Chevalier, a new recruit, essayed to pitch for the Colts, but after two innings of bombardment, during which Paris accumulated six runs off 6 hits and four errors, he was relieved by Happy Doyle. One run was scored off him in the third on one hit and two errors.

Barnes, who pitched for Paris, had the Colts helpless in the first seven innings. Lexington scored two runs in the fifth on a base on balls, a hit a wild pitch and a wild throw. In the eighth two hits and an error filled the bases for Lexington. A hit by Harper scored two runs and Winchell relieved Barnes, holding the Colts safe for the rest of the game. Summary as follows:

Batteries—Paris, Barnes, Winchell and Elgin; Lexington, Chevalier, Doyle and Downing. Hits—Paris, 9; Lexington, 7. Six hits and 6 runs off Chevalier in two innings; 3 hits and 1 run off Doyle in 7 innings; 6 hits and 4 runs off Barnes in 7 inning and none out in eighth; off Winchell, 1 hit in 2 innings. Earned runs—Paris, 1. Two base hits

—Barnes, Vincox. Bases on balls—off Barnes 2. Struck out—by Doyle, 1; by Barnes 2; by Winchell 2. Wild pitch—Barnes, 1. Double play—Hannigan to Maxey to Barnett. Stolen bases—Hannigan, Elgin. Sacrifice hits—Elgin. Umpire—Hanley. Time—2:00.

NOTES.

Paris plays a double-header today at Richmond with the Pioneers and again at Richmond tomorrow. On Thursday they are at Frankfort. On Friday they play the colts here at White Park, and the Millers will be here Sunday.

Maxey, the newly acquired infielder is making good beyond all expectations. He is fielding his position on second in a very creditable manner and his hitting is a conclusive proof that he will be a valuable acquisition to the Paris club.

Seebach is entitled to the credit of winning the game from the Hustlers. He scored two of the runs made by the locals and was the "main squeeze" in the last round when his hit scored the winning run. Seebach will preside on short while Scott is out of the game and will no doubt kick up considerable dust around in that territory.

No one will doubt that Tony has a good heart as well as a good arm. When Scott was injured in the sixth inning by Reed sliding to second the big fellow rushed out to where the injured player lay and administered the best he could to his suffering. When Scott attempted to walk to the bench Tony saw in an instant the pain he was suffering and assisting him on his back and in "play horse" fashion he galloped with the little short-stop to the players bench.

The only disagreeable feature of the game Sunday was the constant wrangling of Chapman with Dunbar, on his decisions of balls and strikes. The latter, however, put a quietus on the Hustler twirler by threatening him with the bench.

Catcher and outfielder Bevins from the Central League is with the Paris Club for a try-out. Bevins is a man of strong physique and if he is not a fine ball-tosser his looks are very deceptive to the most exacting judges of ball players.

Little Ochs had another error in Sunday's game but the next four that came in his territory he squeezed them until oil spurted out of the horsehide.

Two singles and a double were Hannigan's share of the spoils in Sunday afternoon's game. His batting was one of the pleasing features of the game to the Paris fans.

Manager Barnett is rapidly rounding his men into pennant winning form, and at the gait they are now travelling Paris will be somewhere near the top of the list when the season closes.

Umpire Dunbar has been released by President Hammond, due probably to the fact that some of his decisions did not set well with the Lexington club. The Lexington Herald says he was "unequal to the occasion" and no doubt a fancied wrong resulted in his dismissal from the umpiring staff of the league.

The defeat of Winchester by the Paris team was too much for the "babies" and on yesterday they filed a protest with President Hammon on

the grounds that Dunbar had resigned on Saturday night and had no right to officiate in Sunday's game. Now what do you know about that? Baby act, pure and simple.

Some were of the opinion that Scheneberg did not work true to form in the game against Winchester, but with men on bases he was very effective and with eight strike-outs to his credit is an attest of his ability to handle the wily Hustlers with ease.

Pitcher James Poole was called to his home Sunday by telegram on account of the serious illness of his father. He left immediately for the bedside of his parent.

Auto Wreck.

While Henry Caywood, of North Middletown, was taking Mr. W. G. McClintock, and two other friends a ride in his auto Saturday evening, on the Clintonville pike, he suddenly told his friends to jump as he had lost control of his machine. Mr. McClintock jumped but the others remained in the machine, which jumped a ditch on side of road and endeavored to go through a wire fence. The machine was wrecked, but with the exception of slight bruise Mr. McClintock received on one of his limbs, the others escaped injury.

Highway Robbery.

Davis Hutchcraft, the oldest son of Mr. and Mrs. Perry Hutchcraft, was knocked in the head by Wm. Leer, colored, on Saturday afternoon and robbed of \$7.50 which he had just received for his week's work at the Paris Distilling Company.

The negro had been working at the distillery a short time ago, and knew the hour that Hutchcraft would be paid off and the way the young man went to his home. So Leer hid in a tobacco patch, in the rear of young Hutchcraft's home, in East Paris, and waited for him.

When Hutchcraft came in reaching distance he dealt him a blow in back of head with a blackjack which felled him to the ground. After going through his pockets, the negro made his escape.

A few minutes later young Hutchcraft regained consciousness and went to his home. The police were at once notified and began to search for the desperate negro, who only recently returned from the Frankfort pen.

He managed to slip the officers, however, and made his way to the L. & N. cut near the freight depot, where he boarded a fast freight going North. A boy who happened to know Leer saw him board the train and reported it to officer Ben Bishop, who was at the depot farther up the track watching for him to get on this very train.

Officers were at once notified at points between Paris and Cincinnati. Leer got off at Falmouth, where he had formerly lived, and was having a good time when arrested by the Falmouth police spending Hutchcraft's money. The blackjack used on Hutchcraft was in Leer's pocket.

Officer Ben Bishop went to Falmouth on the early train Sunday morning and returned with the prisoner at 9:30 the same morning.

Leer is about 22 years old and one of the most desperate negroes who ever lived in Paris. He has served two terms in the penitentiary, and now is to be tried on two counts one for forgery and one for highway robbery.

He waived examining trial yesterday morning before Judge Denis Dundon and was held to Circuit Court in \$500 bond in each case. He is sure of a life sentence which is entirely too light for a criminal of his calibre.

STOCK, CROP AND FARM NOTES.

—The decreased production of beef cattle in the West has greatly alarmed cattlemen, and a meeting has been called at Denver, Col., next January, to discuss the situation.

—The loss to stockmen of Northern Mexico by the severe drought is estimated to reach two million dollars. The drought, now broken by heavy rains lasted nearly a year, and thousands of cattle died from starvation and thirst.

—Down at San Antonio, Texas, last week the weather was so hot that thirty-three young chicks were hatched in a case of eggs while enroute between that city and Fort Worth. No need of incubators in that kind of a climate.

—McKee Bros., of Woodford county, have shipped three carloads of potatoes, which they sold at from 40 to 50 cents a bushel, f. o. b. Versailles. They are digging their 15 acre crop by machinery. What they have dug so far was in low, wet land and considered the poorest part of the crop, averaging about 100 bushels per acre. They expect a much better yield from their best land.

—W. P. McLoughlin sporting editor of the New York World says: "After all, thoroughbreds are the most profitable things that Kentucky can raise. Up to July there were sold at public auction 218 yearlings for a gross sum of \$141,195, or an average of \$524. That is not so bad for a lean year and the more particularly when it is recognized this includes the culis."

—A few nights ago dogs killed four sheep for R. M. Gilkey, two for C. H. Meng and five for James Robbins and crippled a number of others in North Middletown neighborhood. One dog was shot before it escaped.

—An Illinois man says that he can tell the sex of chicken by the egg. He claims that the long, narrow eggs are rooster eggs and that the short chubby eggs will bring forth a pullet every time. There should be no difficulty in proving or disproving the statement, as one could take all the short chubby eggs and place them under one hen and all the long narrow eggs could be put under another and the fact noted and the two broods kept separate. It would certainly be an interesting experiment.

Soldier Balks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 178 pounds." Devary and his mother were both sent to the insane asylum at the same time, but he has discharged as cured some months ago.

Wheat Under Dollar Level.

For the first time in several months wheat was quoted under the dollar level in the Chicago market Wednesday. There was a swift break in the September price which was at \$1.09 a week ago, from \$1.02 1/2 to \$1.00 1/2, and at the same time the December contracts took a tumble to 89 1/2. Selling of wheat was on such a large scale that shorts, who put out lines 5 and 10 cents higher, were able to cover at big profit without causing any recovery in the market. The cause of the extreme bearishness is the passing of the black rust scare in North Dakota.

Will Celebrate 98th Birthday.

Mr. John W. Skillman, Bourbon county's oldest citizens, will celebrate his 98th birthday Tuesday, August 10, at his home on Cane Ridge.

Mr. Skillman has been thrice married, his first wife being Miss Lydia Henderson, by whom he has four children—A. J. Skillman, 74 years old; John W. Jr., 72; Mrs. James McCauley, Cynthia, 70, and Charles Skillman, Bufala, Fla.

Mr. Skillman's second wife, was Miss Lydia Chambers who was survived by three sons—William Skillman, of Roswell, N. M., Richard C. Skillman, of North Middletown, and Ben Skillman, of Bourbon. Mr. Skillman's present wife was formerly Miss Harriet Horton.

Mr. Skillman bids fair to round out a century, all but four years of which has been spent as a citizen of Bourbon.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE STATE FAIR

Kentucky People All Agog
Over Coming Event.

A HANDSOME PRIZE LIST

Thirty Thousand Dollars Offered in Prizes for Week of September 13th to 18th.

Details of Some of the Chief Attractions to Be Presented This Year.

Thirty thousand dollars makes a very handsome prize list. This amount will be offered at the Seventh annual Kentucky State Fair, which is scheduled for the week of September 13th to 18th, inclusive. The marvelous piece of work accomplished in the incomparably short time of three months last season, in which the largest, most useful and most beautiful show pavilion in the world, and a permanent grand stand of steel and concrete construction were erected, a model half mile race track was built, and some forty or more buildings of a more temporary nature, for the housing of all livestock, agricultural, horticultural exhibits, etc., were completed, is fresh in the minds of those who witnessed last year's exhibition. With the addition of beautiful road ways, flower beds and installation of electric lights in the pavilion for the use of horse show and hippodrome performances in the evening, the grounds will present a grander and more brilliant spectacle this year. In nearly every department, the number of classes have been increased and more liberal prizes are offered. This is especially true in the beef, cattle and poultry departments, in each of which the total money offered is probably thirty per cent larger than last year.

The special prizes are much more attractive and represent a greater value than ever before. The honor and prestige of winning many of these trophies is infinitely greater than the intrinsic value of the prize itself. The specials listed include the "Highland Home" cup, which is donated by Gay Bros. of Pisgah, Ky., for the best and finest saddle bred foal of 1909; the American saddle horse breeders' association trophy for registered stallion or mare three years old or under; the Montgomery chief special of \$125 offered by Ball Bros., Versailles, Ky., for the finest and best stallion, mare or gelding any age by Montgomery Chief; the \$1,000 Kentucky farmer saddle horse futurity for saddle bred foals of 1909, the only saddle horse futurity in existence, which closed April 1st with 225 nominations; the commissioner of agriculture saddle horse special, value at \$200 for the best five gaited saddle stallion, mare or gelding three years old or over; a handsome cup for the champion roadster, given by Mr. Basil Doerhoefer of Louisville; the Dr. McChord cup for the best herd of jack stock offered by Mr. W. P. Hayes of Bloomfield, Ky.; the grand silver trophy offered by the American Berkshire Swine Association for best young herd of Berkshires exhibited by Kentucky breeder, which is the coveted honor of the show among Berkshire breeders in every state; an aggregate sum of nearly \$400 given by Commissioner Rankin for all the leading standard varieties of poultry; a silver cup donated by Mr. F. H. Behring for best exhibit of Kentucky bred poultry; specials by the Southdown, Hampshire and Oxford Sheep Record Association for exhibits of pure-bred sheep they respectively champion; and the American Angora Goat Breeders' Association special for the best flock of registered Angora kids.

In the cattle departments the money consideration for specials is the greatest and the classification most extensive. The American Shorthorn Breeders' Association and the American Hereford Cattle Breeders' Association have each donated \$750 for pure bred cattle of these respective breeds, one-half to be given in open competition and one-half to cattle owned by Kentucky exhibitors. These offers were made on condition that the State Fair management would set apart \$1,000 in premiums for each of these breeds, which was done, thereby making a total of \$1,750 for each breed. This is the largest amount ever offered for either Shorthorns or Herefords at any state fair or exposition south of the Ohio river, and perhaps equals the aggregate prize money at any exhibition in America this year with the exception of the national breed shows. The Polled Durham Association of America renews its offer of \$100 in special prizes for Polled Durhams. The American Aberdeen Angus Breeders' Association, for the first time in several years, comes forward with a very liberal offer of \$200 in specials for its breed. As a very gratifying innovation in the prize list, the Dairy Cattle Department contains some valuable specials. Through the generous liberality of the Holstein-Friesian Association of America, the State Fair management has been enabled to double the amount of prize money for this dairy breed and to place its classification almost on a par with the Jersey, which has been the favorite dairy

breed in the south ever since its importation in to this country, and the Kentucky Jersey cattle club will give a cup valued at \$50.00 for the best Jersey herd of one bull and four heifers under one year old, bred by a Kentucky exhibitor. There are also numerous specials offered by Hon. M. C. Rankin, commissioner of agricultural departments, the most prominent of which are for county exhibits, \$150,000 being offered for the best and largest display of farm, garden and orchard products. This has been a very interesting and educational feature at many of the leading state fairs for a number of years and will undoubtedly prove a success and boon to agricultural interest of Kentucky.

Superintendents of Departments at the Kentucky State Fair.

As usual most experienced and capable superintendents of departments have been appointed. R. H. Lillard, of Lawrenceburg, has for the third time been chosen superintendent of the horse department, and William Simmons, of Shepherdsville, will again be in charge of the mule exhibit. W. R. Moorman, Jr., of Glendene, is superintendent of beef cattle and Edgar Vaughn, of Shelbyville, will for the eighth consecutive year be superintendent in the dairy cattle department. Other superintendents reappointed, are Colonel H. L. Igleheart, of Morganfield, swine department; W. B. Middleton, of Shelbyville, sheep and goats; John H. Good, of Louisville, poultry and pigeons; H. C. Lovelace of Boston, field seed and grain; H. M. Froman, of Ghent, tobacco; Miss Evelyn Porter, of Louisville, woman's department; G. P. Rogers, of Smithland, farm implements and machinery; Prof. J. J. Hooper, of Lexington, students' judging contest, and H. L. Smyser, of Lyndon, speed department. Chas. Sholtz, Jr., of Louisville, is superintendent of vegetables and melons; Henry S. Adams, Eminence, of Horticulture; W. E. Bibb, North Pleasureville, of plants and flowers, and Lucien Beckner, Winchester, of minerals and forestry. The assistant superintendents have also been named: for poultry and pigeons, W. B. Buford, of Nicholasville, and Robert H. Young, of Louisville; for vegetables and melons, J. A. Peake, Livia; for field seed and grain, Geo. D. Karsner, of Lexington; for horticulture, M. F. Johnson, of Buochel; for woman's department, Miss Eva McGrew, of Bayou, and Miss Alice Porter, of Louisville.

Heads of Departments of the Kentucky State Fair.

There are eighteen exhibit departments, which have been placed under the head of the various members of the state board of agriculture as follows: M. C. Rankin, of Frankfort, poultry and pigeons, plants and flowers and student's judging contest; Prof. M. A. Scovall of Lexington, beef cattle, dairy cattle and colts dogs; G. N. McGrew, of Bayou, woman's department, farm implements and machinery, manufactured products; H. M. Beard, of Hardinsburg, sheep and goats and vegetables and melons; Guthrie M. Wilson, Bradstown, horses, mules and jack stock, speed department; Caldwell Norton, Louisville, swine; Desha Breckenridge, Lexington, education and art; William Addams, Cynthia, field seed and grain and tobacco; Fred R. Blackburn, Stanton, horticulture, forestry and minerals.

Kentucky State Fair Races.

Horse racing will be a greater attraction than ever at the State Fair this year. At last year's fair it was demonstrated that a successful harness race meeting could be held on these grounds. The popularity of the sport was never more pronounced. Unusually fast time was made on the new half-mile track which has come to be regarded as one of the best half-mile courses in America. At the meeting last year the grand stand and the grounds adjacent to it were thronged by a surging mass of humanity every afternoon eager to see every heat in every race, and not until the summary of the last race was hung up did the interest cease or enthusiasm dwindle.

The Kentuckians by nature has a fondness for horse racing. An opportunity for seeing his favorite sport will not be denied him at this year's fair. The early closing events show the largest list of entries ever recorded at the State Fair. These events are known as the Louisville Retail Merchants Association stake for 2:21 pacers, the Louisville Commercial Club stake for 2:20 trotters, and the Kentucky Brewers Association stake for 2:20 trotters. In addition to the stake races, there will be six purse and four gentlemen's road races. Purse entries close Sept. 6th. Entries for the cup race at twelve o'clock noon, the day before the race. The stake races will be on the three in five heat plan and the purse races on the two in three heat plan. There will also be two running races each day. This is destined to become one of the most popular training tracks in the country. This meeting fits into a very convenient circuit by following the Indiana State Fair and proceeding the Tennessee State Fair which is the initial meeting of the southern circuit of Fairs and trotting meetings. The success of this year's meeting is already assured by the excellent list of stake entries, and the management is quite confident that all the purse races will fill satisfactorily. For catalog, entry blank or other information, write J. W. Newman, Secretary, 320 Paul Jones Building, Louisville, Ky.

President Helps Orphans.

Hundreds of orphans have been helped by the President of the Industrial and Orphan's Home at Macon, Ga., who writes: "We have used electric bitters in this institution for nine years. It has proved a most excellent medicine for stomach, liver and kidney troubles. We regard it as one of the best family medicines on earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run down people it has no equal. Best for female complaints. Only 50c at Oberdorfer's.

Indorses Burley Pledge.

The first American Society of Equity Union to indorse the Burley Tobacco Society pledge in Harrison county was Beaver Valley Local Union No. 2934 at a meeting Wednesday.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. It's a Godsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c. at Oberdorfer's drug store. aug

THE WONDERFULLY EASY FOOT-LIFT
THIS OUT ALSO ILLUSTRATES THE DIRECT UNDERDRAFT FEATURE

Every farmer knows that the greater the "Underdraft" of a mower, the better and easier that mower will do its work. Every other maker of mowers uses some device that will enable him to secure as much "Underdraft" as possible. The best of these devices, however, are but makeshifts by which at least two-thirds of the draft is applied through the pole. Walter A. Wood Mowers alone possess genuine "Underdraft." Every ounce of draft is applied through the draft rod (shown in above cut) right where it is needed. A visit to this store will make this valuable feature clear. We honestly believe the Admiral is the best mower on the market to-day and are eager to show it to you and tell you all about it.

He desires to thank his patrons for their loyalty to him in the past and trust they will give their patronage in the future to Mr. Wills. Mr. Wills will always be supplied with fresh meat and will give prompt service to all patrons.

—Mr. Garrett Mann, aged about 71 years, whose illness has been noticed in a number of issues of this paper, died Saturday morning at 1:30 o'clock after a protracted illness. Several years ago he sustained a broken leg by a log falling on it while loading a wagon from which he never entirely recovered. About three years ago this developed into an angry running sore, which later took the form of dropsy and he had been gradually sinking for several weeks. He was born near Carlisle and was one of a family of seven. He was a son of the late Manuel Mann, who died at his home one mile South of town a few years ago. While a school boy he moved here with his father's family, living for a time in town, but later they moved to the home one mile South of town where he and one sister, Miss Mary Mann, remained until after the death of his father. They built a house on North Main street where he has since resided, his sister having died some years ago. He was a bachelor and in late years lived alone. He united with the Christian church early in life and has lived a consistent Christian for nearly half a century. He was a member of Amity Lodge No. 40, F. & A. M., and for many years was Tyler of the lodge. He is survived by two brothers, Judge Russell Mann, of Paris, and Mr. Clifton Mann, of this place. His funeral was under the auspices of his lodge of which he was a devout, consistent member. The services at the house were conducted by his pastor, Elder W. A. Gardner, assisted by Rev. T. W. Watts and G. L. Kerr. The services at the grave were conducted by the lodge, Mr. Arch Bailey, of Cynthia, Past Worshipful Master, presiding and T. W. Watts, Chaplain of Amity Lodge. A large number of Masons were present and a number of representatives from Headquarters and Carlisle lodges. Mr. Bailey impressed all present with the manner with which he presided. He is familiar with the work and knows how to impart it so as to impress his hearers.

Hope for Compromise.

A compromise between the Society of Equity leaders and the Burley Tobacco Society, by the terms of which both will unite in a common endeavor to pool the 1909 crop, is still hoped for as a possible result of the conference to be held at Winchester today between the district board of the Burley Tobacco Society and its officers, on one side, and National President C. O. Drayton, of Indianapolis, President E. L. Daventport, of the A. S. of E. department of tobacco growers, and President J. Campbell Cantrell on the other.

Mr. Cantrell, who has been practically the leader of the movement against the Burley Tobacco Society's pledge accepted the invitation of the burley officials to attend the conference.

Evidence All in.

With the testimony of Mrs. Mary Copley Thaw, whose last words were a denunciation of William Travers Jerome, the testimony at the insanity hearing of Harry K. Thaw was closed at White Plains, N. Y., Friday. The lawyers will sum up the evidence this morning, and Justice Mills promised to file his decision with the clerk next Thursday morning.

Ball Player's Neck Broken.

Charles Black, age twenty, pitcher for the Big Bone Springs (Ky.) ball team, broke his neck in a peculiar manner Sunday afternoon. He leaped in the air after a hot liner that was hit at him, and caught the ball. He fell to the ground headforemost, and lay there while the crowd cheered him for the play. As Black did not attempt to get up, the players of both teams went to his assistance, and found life almost extinct, and sent for a physician, but to no avail.
